

## Personal

I am a UI/UX designer with strong background in web development. I am passionate about inclusive, intuitive and functional design through any medium with a penchant towards minimalism.

## Education

Philological College of Higher Education in Wrocław, Poland.

2004-2008 - Bachelor degree in English (Translation and Linguistics)

## Skills and tools

- |                            |                         |                      |                     |
|----------------------------|-------------------------|----------------------|---------------------|
| - Information Architecture | - Responsive Web Design | - Adobe XD           | - HTML/CSS          |
